Please note that, when used in this Privacy Policy, the term "including" (as well as related terms such as "include" and "includes") means "including, but not limited to," and is meant to be inclusive, not exclusive. This Privacy Policy forms part of our **Bombas Terms and Conditions of Use** (our "Terms and Conditions"). To read our Terms and Conditions, [click here](#).

Data Collected through User Visits, Interactions, and Activities

Use of Cookies and Other Online Tracking Technologies

We use cookies, pixels, and other online tracking technologies to collect information, including to understand visitor activity on our Site and to help improve visitors' experience while using our Site.

A cookie is a small alphanumeric text file sent by a web server and placed on your computer by your web browser. Cookies can be divided into two different types: session and persistent. Session cookies are typically deleted when you close your browser. Persistent cookies, in contrast, remain stored on your computer after you close your browser until they are deleted either because they expire or you delete them.

The types of cookies we use are:

- **Session Cookies.** We use session cookies to operate our Site, for security purposes, and to customize our users' experiences.
- **Persistent Cookies.** We use persistent cookies to remember your preferences and other information, including products you may be interested in, and various settings, and to customize our users' experiences.

Cookies are often used in conjunction with other technologies to understand online behavior. For example, Bombas uses cookies in conjunction with pixels, which are small sections of code that we may place on our Site, to associate particular online activities to a browser or device (e.g., to understand that a browser or device has visited a specific page of our Site and/or to understand the total number of unique users that have visited a specific page of our Site).

We use session cookies in connection with our Site, for security purposes, and to provide you with customizations of your experience, such as highlighting your recently viewed items, to detect and remember your region and language preferences, and track your activities on our Site. We use persistent cookies to ensure that you are directed to the correct regional version of our Site, to remember items you may have put in your "Cart", in connection with "Tailored Advertising" (which associates a user's activity and interest information, demographic information, geographic information, and similar information with a browser cookie or other online identifier in order to provide more useful and relevant advertising), and for other customization purposes. We may use the services of third-party providers in connection with our use of cookies.

None of these cookies is strictly necessary to access our Site. You may set your browser to refuse all cookies or to indicate when a cookie is being set. However, if you do not accept cookies, parts of our Site may function differently and you may not be able to use some portions or features of our Site. For more information about how to manage your cookies and your cookie preferences, please use the "help" menu of your web browser or explore the customer support sections of your web browser. To "opt out" of Tailored Advertising, please see the "Your Choices: Opt-Out/Right to Withdraw/Revoke Consent" section below.

Usage Data

We also collect certain additional passive tracking data concerning your device and how you access and use our Site ("Usage Data"). This Usage Data includes information such as your computer's Internet Protocol ("IP") address, browser type, and browser version, as well as the pages of our Site that you visit, the times and dates of your visits, the time spent on, and interactions with, those pages, location data, and diagnostic data.

You can enable or disable location services when you use our Site at any time, through your device settings.

Analytics

We may use third-party technology providers to monitor and analyze the use of our Site. This includes Google Analytics - for more information on the privacy practices of Google, please visit the Google Privacy & Terms web page: <http://www.google.com/intl/en/policies/privacy/>.

Tailored Advertising

Bombas uses third-party services to advertise our products and services to you after you visit our Site. We and our third-party vendors use cookies and other online tracking technologies on our Site and in third-party services (including in emails and advertisements and on other digital properties) to track your activities across time and services for purposes of associating the different devices you use, and delivering relevant Tailored Advertising and/or other content to you and others on our Site and in third-party services or third-party digital properties after you have left our Site. In addition to the use of such online tracking technologies, we may also upload customer lists (including email addresses) to third-party service providers, such as Facebook and Google, to have customized ads served to people (or people similar to people) who have visited our Site ("Matched Ads"). "Matched Ads" may be considered a kind of Tailored Advertising.

Information from Other Third Parties

We may also receive information about you from third parties, and we may use such information, by itself and/or in combination with information we collect from you, for our operational and commercial purposes, including to send you information, including marketing information, about our products.

If you are located outside of the United States and provide information to us, please note that such information, including personal data, may be sent to, and processed in, the United States and/or other countries. By providing us with your personal data, **you consent to such transfers to and subsequent processing in such countries (including the United States), which your country may not consider to provide for adequate privacy protections.** You may withdraw your consent at any time. The withdrawal of consent shall not affect the lawfulness of processing based on consent before its withdrawal.

We may share your information with our authorized service providers that perform certain services on our behalf. These services may include fulfilling orders, processing payments, providing customer service and marketing assistance, performing business and sales analysis, supporting our Site functionality and supporting other features offered through our Site, and providing advertising and marketing services (including delivering Tailored Advertising and email marketing campaigns, and analyzing and improving the effectiveness of our advertising and marketing). These service providers may have access to personal information needed to perform their functions and are generally not permitted to share or use non-aggregated personal information for any other purposes. We may also share your personal information with Bombas affiliates. In addition, we may share your personal information with third-party advertising, marketing, and data service companies in connection with our use of their commercial data cooperative and data enrichment, verification, analytics, marketing and advertising products and services, which sharing may constitute a “sale” under the California Consumer Privacy Act (CCPA).

Do Not Track is a preference you can set in your web browser. We will continue to evaluate potential responses to "Do Not Track" signals in light of industry developments or legal changes.

We are committed to honoring your privacy choices. For more information, please see the "Your Choices" section above.
